

Eligibility & Enrollment

Bolster revenue through maximum patient engagement

WHY OUTSOURCE

Eligibility & Enrollment is an often underutilized revenue channel and shouldn't be overlooked. Since 2016, the number of uninsured Americans has continued to rise. For every uninsured patient a hospital treats, the uncompensated care costs the facility almost \$3,000.

THE ASPIRION DIFFERENCE

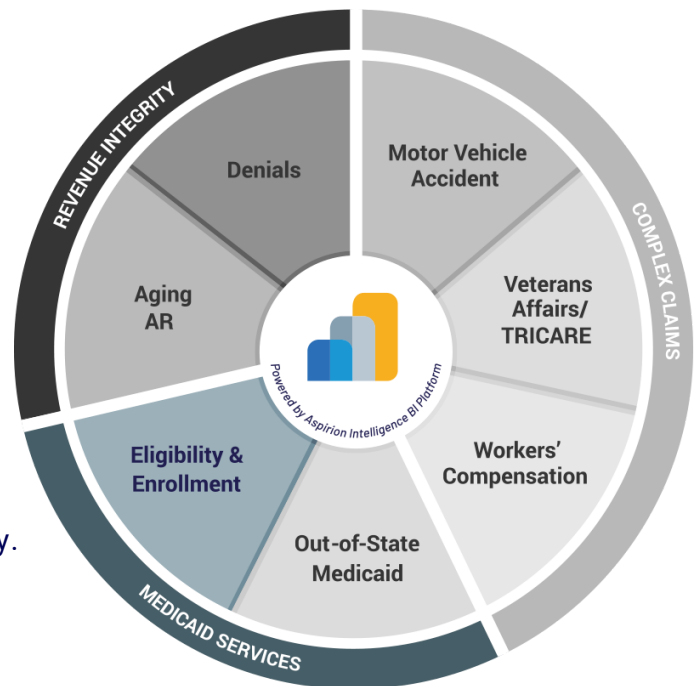

Our Eligibility & Enrollment services are tailored to our clients' individual needs, enabling us to achieve the highest success rates in the industry.

Using our in-depth knowledge and training, we focus solely on identifying revenue sources.

Whether on-site or remote, we pursue every avenue for reimbursement—from providing supplemental staff to completing a dedicated post-discharge follow-up process.

With Aspirion as your partner, you will get:

- Seamless implementation
- Ongoing staff training & development
- Flexible staffing model—all sizes + departments
- Consistently high patient engagement rates
- Continued technology investment
- Program qualification expertise—Medicaid, to Crime Victims, to Disability

E&E COMMON BARRIERS

- Frequently changing Medicaid/assistance guidelines
- Lack of sufficient staff for patient screening
- Medicaid application process often slow, requiring consistent and timely follow up
- Increasing number of self-pay patients
